

Tutti Fruitti Butterfly Bush

Buddleia x 'Podaras #13' PP22177

This shrub can easily feed a family of 32! Butterflies, that is. Fragrant fuchsia flowers cover this buddleia from summer to frost, never losing bloom power! This buddleia completely out-flowers the competition, being the first to put on buds and the last to stop blooming. Sweet-smelling blossoms and beautiful butterflies? Bring it on.
